

Homemade Playdough Recipe

1 cup Flour
2 tsp Cream of Tartar
1/3 cup Salt
1 Tablespoon Vegetable Oil
1 cup Water
A few drops of Food Coloring

1. Add 1 cup of flour, 2 teaspoons of cream of tartar and 1/3 cup of salt to a saucepan and mix together.
2. Add 1 cup of water, 1 Tablespoon of oil and a few drops of food coloring into the flour mixture.
3. Heat your burner to medium/low and stir. It will be lumpy at first, keep stirring until it starts to form into a solid. Keep stirring until it forms a ball and it all sticks together.
4. Dump onto a piece of parchment paper to cool. The inside of the playdough will be very hot when it just finishes cooking.
5. Knead to make sure all of the color is mixed together after it is cool.

**Note: The first batch takes a little longer to get the pan hot. After your first batch, the rest of the batches will go very quickly in the hot pan.
