

## **Create a Family Time Capsule:**

- Choose a container for your capsule.
- Choose a place to hide/store it.
- Have a meeting and decide what to include. Some examples: Newspaper that is dated with current news. Prices of common goods from today. A list of everyone's favorite things. Predictions for what you will all be doing in the future. Family Photos
- Set a time frame. How long will it be hidden?
- Seal it, set the date and hide it.
